that is increasingly demanding of us to be conscious and responsible for what we're doing and how we're doing it and more importantly in what we choose to consume and how we view it and how it affects us and those around us. As our traditional laws are slowly dismantled and replaced with more enforceable rules as well as more regulation and rules and regulations becoming more and more self-elaborated through social media, and the general "public opinion" is openly calling for us to "do something about it". As the new normal becomes the new status quo and our collective social consciousness escalates as it has been in the last decade, it is becoming ever more challenging for us to navigate in the days ahead. While our
